MISSION

To lead by example through a commitment that empowers the organization at every level to strive for the highest levels of quality, customer care and shareholder value

CORE VALUES

Understanding and Satisfying customer needs | Development of our people | Management and leadership | Commitment to quality | Productivity and efficiency | Appropriate technology and sustainability

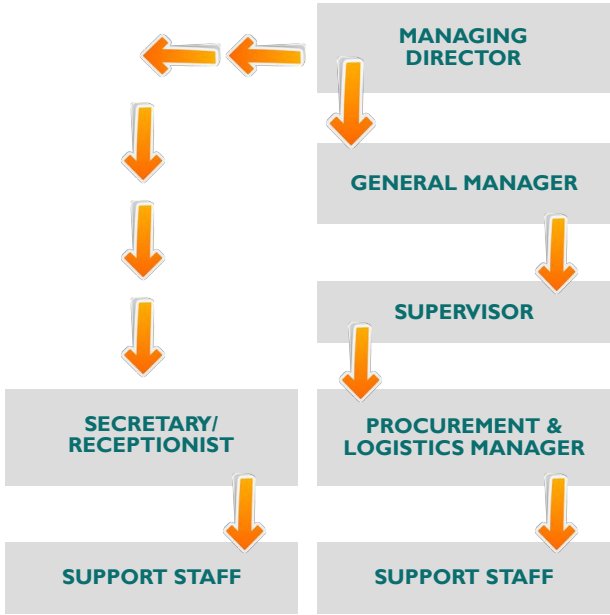

BACKGROUND INFORMATION

Crescent Logistics & Construction Company has been in existence since 2008 and has heavy presence in Somalia & Somaliland.

Our operations are based in Somalia where we have established ourselves as the “Pacesetters in Service Delivery”. It is strategic for our firm to work together with the Somaliland government. In partnership with international donors, the current government is focusing on institutional capacity building and our firm will offer essential services while contributing to this national development.

The Company’s endeavor towards excellence in quality, safety, performance, employee satisfaction and social responsibility has enabled it to be the most trusted and sought after Procurement & Logistics, Construction, Operations & Maintenance and Project Management company in the region. It has consistently delivered projects, providing value-added construction and service skills to customers for whom the quality of execution, efficiency and reliability are critical. Since its inception, its strong leadership has executed a focused strategic vision and has seen value of projects handled grow steadily.
