# Our Story

The story we are sculpting today dates back to early 1970s at a time when logistics providers had to deal with a staggering amount of complexity in the form of fragmented channels, expanding product variations, and increasing customer demand for customized solutions.

Back then, while working with J. B. Maina LTD (JBM) as head of transport our greatest concerns were timely delivery, profitability, cost management, and customer satisfaction. 30+ years later these are still our logistics priorities except that new challenges have emerged; market volatility, economic contractions and dispersed market segments. The challenges demand that we optimize our supply chain to remain competitive.

To respond to this shift in global supply chain realities, we sought to go beyond physically moving the product, to providing end-to-end comprehensive supply chain solutions to meet expectations of today's logistics customers who are demanding more flexibility, transparency and timely delivery.

Come 2002, KIPEVU Inland Container Depot (KICD) launched in the Changamwe region of Mombasa, Kenya. Our vision was to build a logistics and supply chain management company that operates in the context of a global economy.

Today KICD is at the forefront of the logistics industry providing one-stop shop cargo handling, warehousing and transportation services to the shipping and logistics industry based upon a consistently high standard of quality. Today, KICD is continuously meeting the needs of its clients and supporting the development of our people and our communities.

We attribute this continued growth to strong company management, rich experience within the logistics field and sound financial stability.

It is from this position of strength that we invite exporters and importers to give us an opportunity to prove ourselves. Around town or around the globe we are always ready to go. Talk to us today

Harshil Patel  
Founder, CEO

## GENERAL FACTS & INSIGHTS THAT MATTER:

Every day we show up to handle cargo, clear, forward, warehouse, transport. and everything in between.

Above all we challenge ourselves to achieve the impossible for our clients, our people and our communities—and we have a lot to show for it!

State-of-the-art  
warehousing units

**500,000  
metric tons**  
Cargo handled  
annually

**150+**  
Happy Clients locally  
and internationally

**150+**  
Transport fleet and  
state of the art  
handling equipment

## Our Vision

At KICD “forward thinking” describes our vision to be a leading logistics and supply chain management company that operates in the context of a global economy.

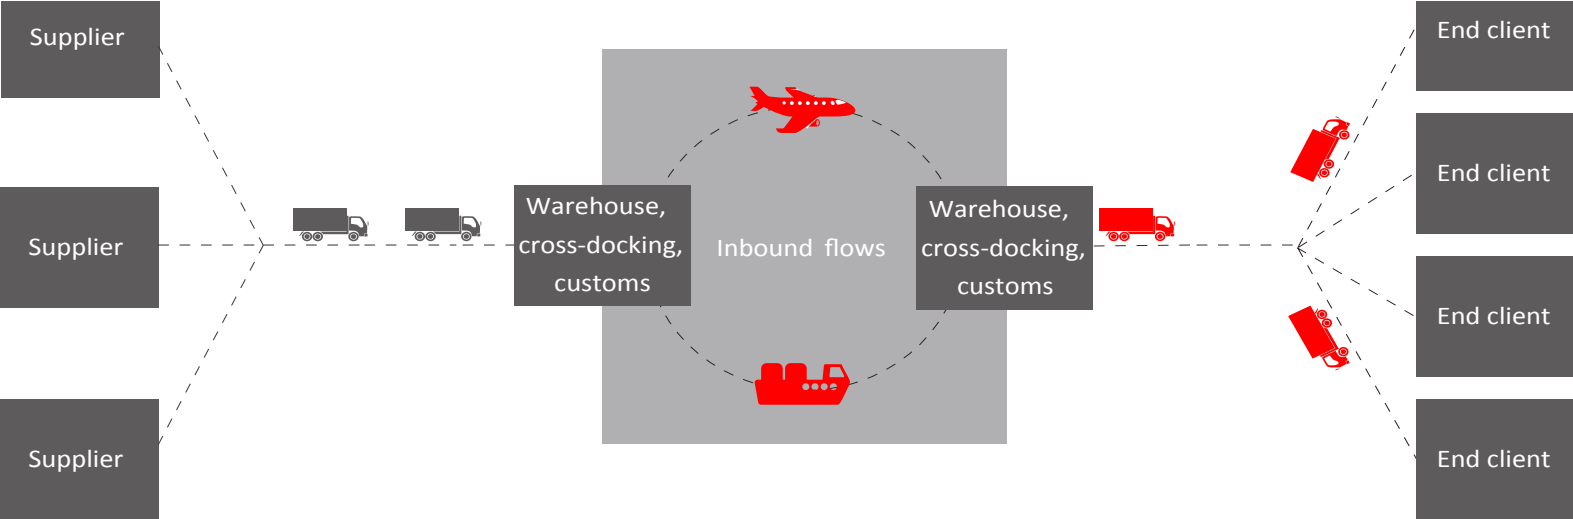

## Our Mission

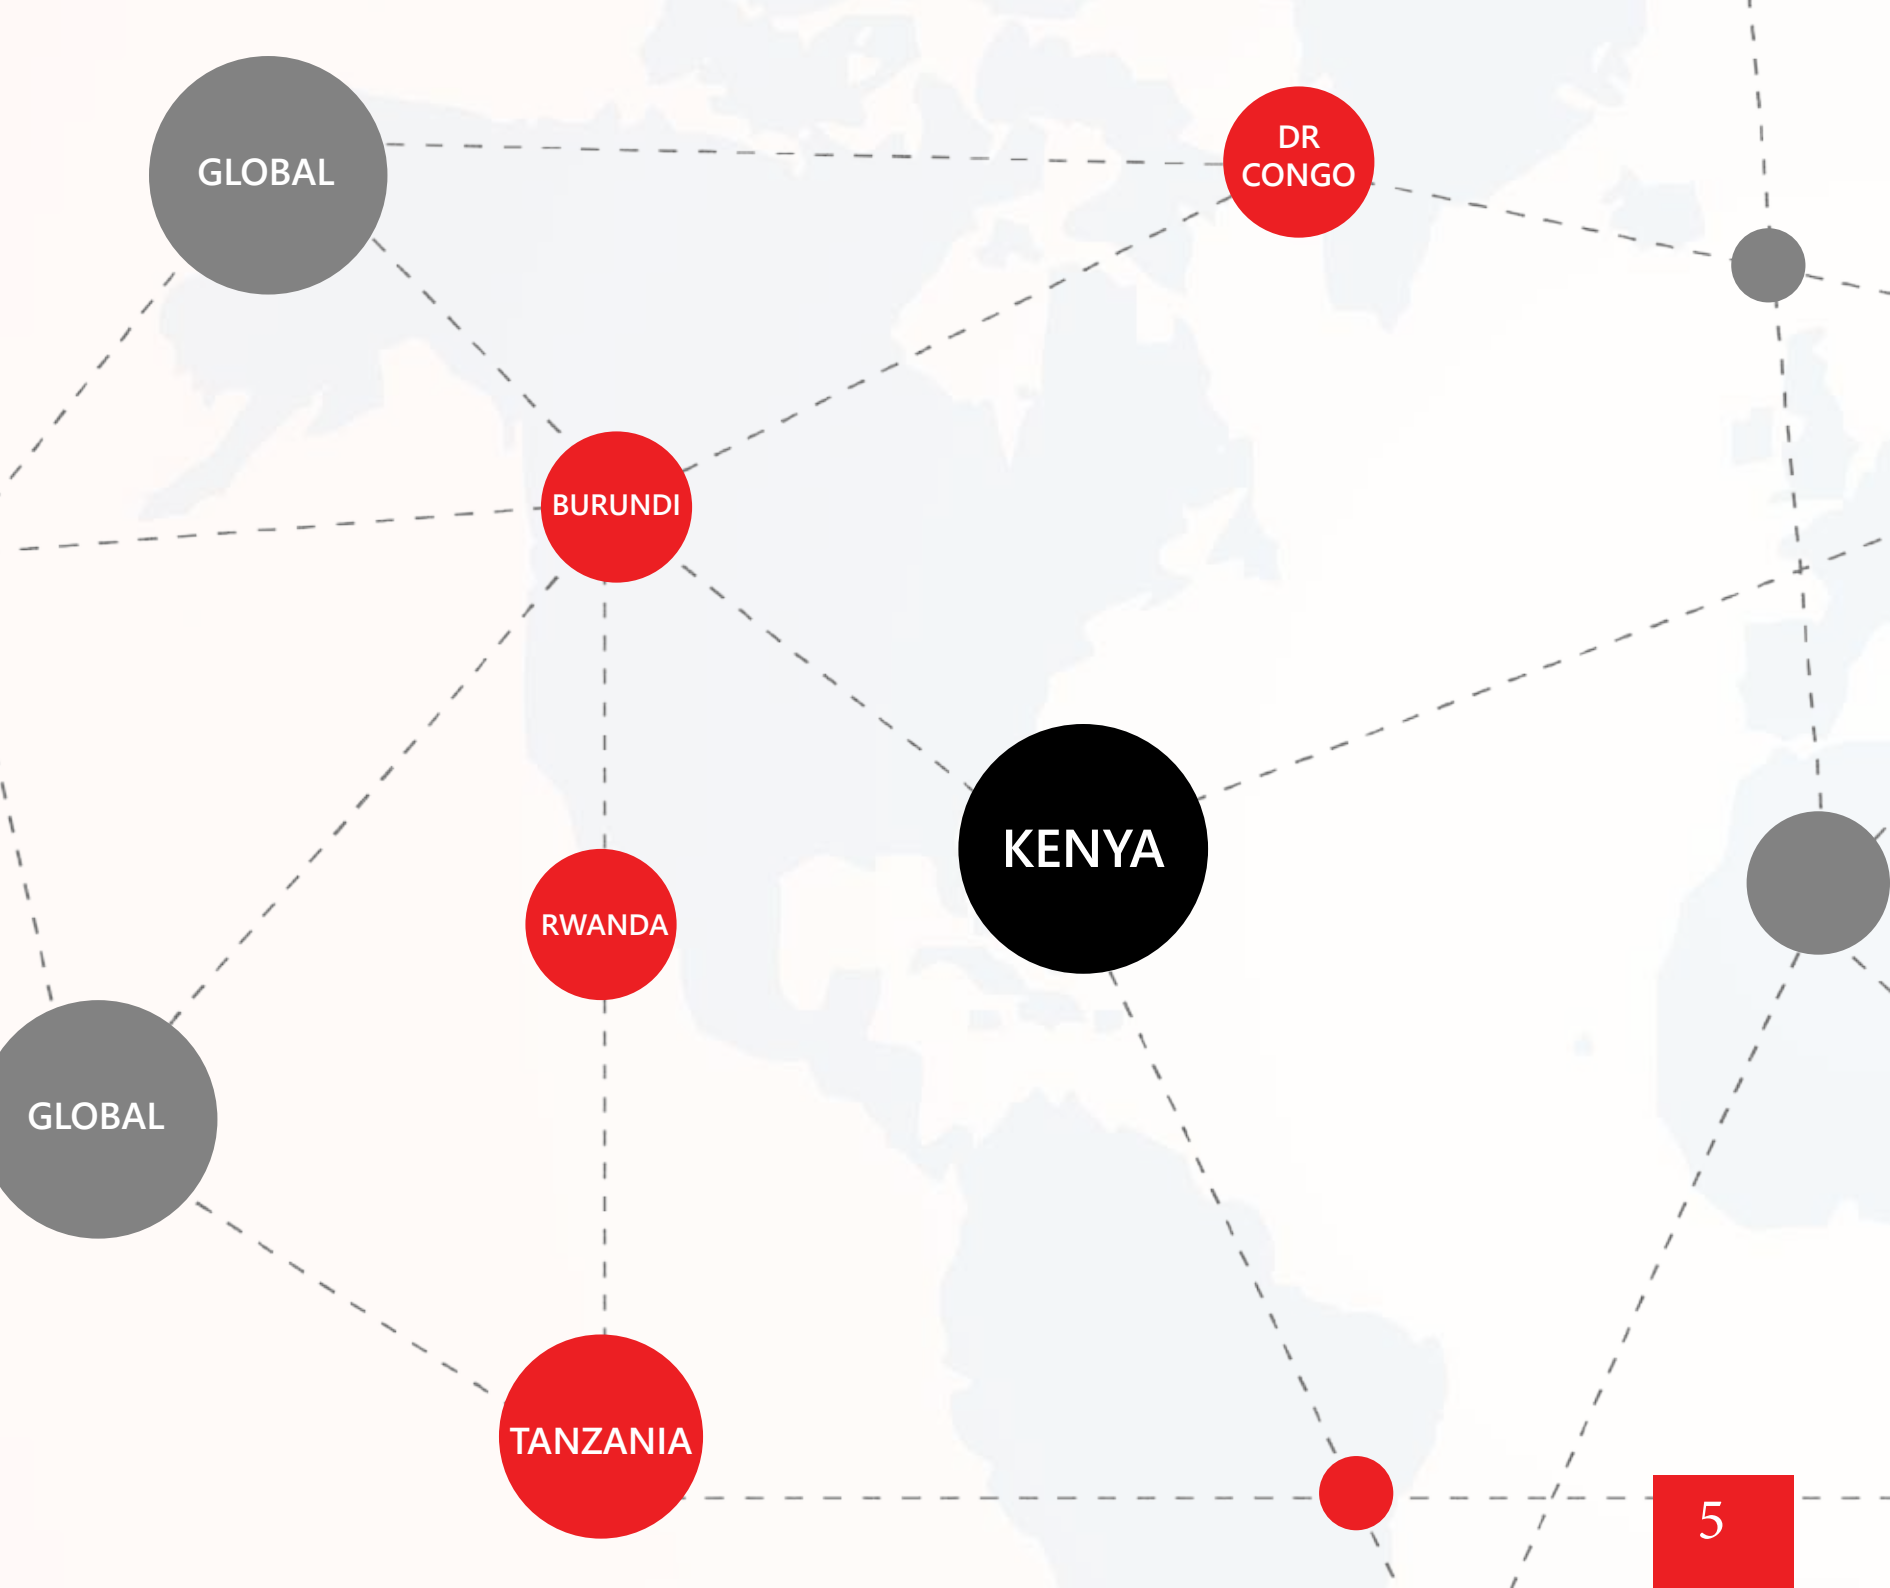

To provide end-to-end logistics and supply chain management solutions that continuously meet the needs of our clients and support the development of our people and our communities.

# End-to-end supply chain solutions

*Making business flow from source to destination*

Together with our global network of service companies, no matter where you are we ensure your shipments are delivered safely and on time using our integrated air, sea, and road networks.

# Our Network

*Around town or around the globe we are always ready to go*

We serve regional and international markets focusing on satisfying needs in East Africa and the Great Lakes region. Our extensive fleet resources and a dedicated support network help us in fulfilling our mission to support our customers' day-to-day operations with ease.

With Kenya as the centre of our operations, we encompass extensive air, road, rail and sea networks and industry capabilities.

The warehousing terminal is located approximately 5kms from the Mombasa Port on the Mombasa--Nairobi Highway and is about 3kms from the Moi International Airport. The facility is strategically placed on the Mombasa – Nairobi network to receive and dispatch export and import cargo to various destination directly to/from the Depot. Its closeness to the main Airport is an excellent choice for emergency relief cargo intended for airlifting.

# Our People are our greatest asset

It is only with the determination and dedication of our people that we can serve our clients, generate long-term value for our clients and communities.

## ***The warehousing team***

The warehousing team is involved with proper management of all client cargo, from receiving up to eventual dispatch. The team manage accurately all warehousing at the facility with clear recording and inventory management.

## ***The management team***

Our management have a collective experience spanning 30+ years and are comprised of well-trained, experienced and dedicated staff that are well versed in the Import/Exports, Warehousing and Logistics operations.

# Some of our clients

We view our clients as partners and work collaboratively with them to achieve results they can measure. We have the privilege of working with some of the most well known companies in the world and we don't take this lightly.

We are immensely proud of having established strong connections with these companies and many others who we have not listed and are open for new ventures and expanding our current partner & client base.

# Our Capabilities

*We have industry capabilities and facilities to provide efficient and professional cargo handling and distribution solutions.*

- We work within established quality procedures to provide each customer with the most reliable personalized services
- The depot comprises of 3 main covered warehousing units (Total Capacity: 240,000sqft)
- The facility also comprises of 3 bulk commodity handling grain silos, 5000MT capacity each (Total Capacity: 15,000MT).
- A fully- fledged 3000sqft 3-story office block with standby generator.
- 200,000sqft open yard storage (hand standing concrete flooring) with capability of handling up to 2000 containers and vehicle offloading/ loading facility for bulk cargo.
- 100MT weighbridge facility for cargo in/out weighting.
- We have invested heavily in equipment:
  - 2 Units 45 Ton Terex reach-stackers.
  - 1 Unit 50 Ton mobile Crane.
  - 1 unit 2 Ton Forklift for easy container stuffing.
  - 8 Units semi-trailer prime mover trucks.
  - 6 units fixed chassis bulk tipper trucks.

# Social Responsibility

As Kenya's leading logistics service provider, KICD embraces Corporate Social Responsibility (CSR) as fundamental to achieving our vision and mission.

We have stepped up to the challenge in all areas of corporate social responsibility, sustainable development and employee engagement and have tightly integrated CSR into our management and business model.

Whether it is the environment, community, or our employees, we know that we have a responsibility to demonstrate our commitment to these three areas and bring positive changes for current and future generations.

# Celebrating a strategic partnership with JB Maina.

## **JBM-KIPEVU ICD WORKING RELATIONSHIP**

A working relationship spanning thirteen years is no easy feat, which is why here at KICD, we're celebrating over decade's worth of freight forwarding solutions with JBM.

Our relationship began in 2002, when we started setting up KICD, a logistics and supply chain management company that operates in the context of a global economy. Over the past decade, we've evolved from physically moving the product, to providing end-to-end comprehensive supply chain solutions. A success we highly attribute to this strategic partnership.

This has been a mutually beneficial relationship that has helped to evolve our expertise in the logistics industry and accelerate our earning through access to the immense experience and expertise of JBM.

As for the future of our relationship, we'll continue working together to continuously meet the needs of our clients and support the development of our people and our communities.

Here's to the next ten!

# About JBM

Incorporated in Kenya in the year 1970, J. B. Maina LTD (JBM) has been successfully servicing importers and exporters for well over 45 years. JBM's continued growth is attributable to strong company management and sound financial stability. Commitment to service excellence has established JBM as one of Kenya's leading Customs and Logistics Agents.

Having such rich experience within the logistics field and being part of how customs procedures and requirements have evolved during the last 4 decade within Kenya and East Africa, gives JBM a unique competitive edge providing to clients professional, accurate and cost effective customs advisory and clearance services.

JBM provide to clients reliable and real time information with regards to their consignments when and where they need it thus providing the client accurate and timely clearance of cargo.

The firm's working philosophy is to ensure that customers always come first aiming to become their business partner, offering expert advice and solutions to all importing, exporting and warehousing needs.

JBM offers a total service covering door-to-door shipping, customs clearance, transportation, storage and distribution, import documentation. So, no matter what your cargo needs are, or from where your business operates, the firm's integrated air, sea, and road networks will ensure your shipments are delivered safely and on time, every time.
